BINDURA UNIVERSITY OF SCIENCE EDUCATION
COMPUTER SCIENCE DEPARTMENT

6 May 2026

Dear Sir/Madam

ATTACHMENT/INTERNSHIP FOR SOFTWARE ENGINEERING STUDENTS

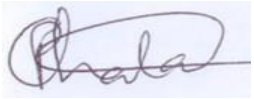

I am writing on behalf of Bindura University of Science Education requesting your collaboration on the attachment of one of our students, **SITHOLE LICANE REGISTRATION NUMBER**, B241830B.

The student is studying for a four-year Bachelor of Science (Honors) Degree in Software Engineering **(HBscSWE).** During the third year of study, Software Engineering students are required to do industrial attachment/internship for the whole academic year. They are required to have practical utilization of the knowledge and expertise that are obtained from various experts in the organization to which they are attached.

In this respect, experts in selected organization are expected to serve as mentors for students and ensure that they are sufficiently guided in the practical aspects of their studies, to the point that they can demonstrate proficiency in their area of training. LICANE SITHOLE is expected to start the industrial attachment in **August 2026-August 2027.**

We will be highly obliged to furnish you with additional information about industrial arrangements and procedures, if our request meets your favorable consideration

Yours Faithfully

Mr P. Chaka

THE HUMAN RESOURCE MANAGER

Dear Sir/Madam,

RE: APPLICATION FOR STUDENT INDUSTRIAL ATTACHMENT

The above matter refers. I Sithole Licane do hereby apply for a vacancy as an attaché in an industrial attachment related placement with your organization. I am currently studying the Bachelor of Science (Honors) Degree in Software Engineering at Bindura University of Science Education.

As a dedicated student, my course work has equipped me with a solid understanding of economic principles and management practices relevant to the ICT, Software and networking industry and this has given me the guts of being

confident that, I will add value to your organization with my various capabilities. I strongly, feel that I can get the best hands on experience while doing my internship with your organization.

I have enclosed my curriculum vitae, academic transcript and a recommendation letter from my department for your considerations. I would welcome the opportunity to further discuss how I can be of service during my attachment period.

Thank you for considering my application. I hope to hear from you at your earliest convenience.

Yours faithfully,

LICANE SITHOLE

SITHOLE LICANE
Software Engineering Internship Candidate

Phone: +263 774 661 776 / +263 714 138 093

CAREER OBJECTIVE

Detail-oriented Software Engineering student seeking an internship/attachment opportunity in a fastpaced ICT or software development environment. Strong foundation in programming, web development, mobile application development, database management, and software project teamwork, with a practical interest in building reliable tools that improve workflows and support users.

PERSONAL DETAILS

Full name	Sithole Licane
Marital Status	Single
Date of birth	04/07/2004
National ID	86 2023214 D27
Languages	Shona, English
Nationality	Zimbabwean

EDUCATION

Advanced Level: 7 points

Ordinary Level: 2As, 1B, and 5Cs

Bindura University of Science Education - BSc (Hons) in Software Engineering

- Expected graduation: August2022-2028- - Bachelor of Science (Hon) Degree in Software Eng. BACHELOR OF SCIENCE HONOURS DEGREE IN SOFTWARE ENGINEERING BINDURA UNIVERSITY OF SCIENCE EDUCATION

Academic Results

Registration #:	B241830B
Full Name:	SITHOLE LICANE
Programme Name:	BACHELOR OF SCIENCE HONOURS DEGREE IN SOFTWARE ENGINEERING | CONVENTIONAL
Status:	STUDENT
Degree Class:	PENDING
Awards:	None

Level: 1.1

Course Code	Course Name	Class	Decision
BS101	Business administration	2.1	P
HS102	Health education	P	P
CS101	Introduction to computer science	2.1	P
SWE104	Ethics and professionalism	2.1	P
SWE102	Introduction to computer programming	P	P
SWE103	Applied statistics	1	P

Level: 1.2

Course Code	Course Name	Class	Decision
SWE112	Visual design concepts and development	P	P
PC108	Citizenship education & conflict transformation	2.2	P
SWE115	Software engineering fundamentals	2.2	P
SWE114	Database systems	2.1	P
PC103	Communication skills	2.2	P
SWE111	Operating system concepts	P	P
SWE117	Discrete mathematics	1	P
SWE113	Data structures and algorithms	P	P

Level: 2.1

Course Code	Course Name	Class	Decision
SWE202	Software architecture and design	2.1	P
SWE206	Research methodology	2.1	P
SWE201	Object oriented programming 1	1	P
AC101	Financial accounting 1a	1	P
SWE203	Computer architecture	2.1	P
SWE204	Requirements engineering	2.1	P

Shaping and Creating the Future: Building Zimbabwe

HOBBIES

- ❖ Chess

KNOWLEDGE, SKILLS, AND ABILITIES

- ❖ Proficient in Programming (Python, Java, MySql, Microsoft Office) ❖ Willing to learn and achieve targets in the shortest possible time. ❖ Innovative strategic and creative thinking
- ❖ Strong critical thinking, problem-solving and decision-making skills
- ❖ Team player energetic, reliable, and self-confident
- ❖ Understanding of software models (SDLC, Software Project Management) and ability to apply them to real-world scenarios
- ❖ Proficient in tools (VS Code, Microsoft Office, Android Studio)

SOFTWARE DEVELOPMENT PROJECTS (Github: https://github.com/sitholelicane)

Intelligent Learning Assistant (DzidzaAI) - Python, Git

- Co-designed and developed a learning assistant application to support student study workflows.
- Implemented core logic for data processing and user interaction, with attention to clean structure and efficient execution.
- Used Git to manage versions, track milestones, and support collaborative updates.

Fitness Tracking Mobile Application - Java, SQLite, Material Design

- Built an Android application with local data persistence using SQLite.
- Applied Material Design principles to create a clear, responsive user interface.
- Presented and defended the application's architecture, data flow, and functionality before a faculty panel.

Full-Stack Database Management Web App - HTML, CSS, MySQL

- Developed a dynamic web platform using PHP backend logic and MySQL database schemas.
- Designed and normalized relational database structures for complex alphanumeric records. - Added server-side validation to improve data integrity and reduce invalid input.

LEADERSHIP AND COLLABORATION

Software Project Group Member - Academic Software Projects

- Collaborated in student development teams to deliver software projects under academic deadlines.
- Applied software project management principles, including risk analysis, task coordination, and critical path tracking.
